

## Product Specification

|                 |                                   |
|-----------------|-----------------------------------|
| Product Name    | Gadolinium oxalate hydrate, 99.9% |
| Glentham Code   | GX4565                            |
| CAS Number      | 51373-60-5                        |
| Zusätzliche CAS | 22992-15-0                        |

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Molecular Weight  | 578.57                                                          |
| Molecular Formula | $\text{Gd}_2(\text{C}_2\text{O}_4)_3 \cdot x\text{H}_2\text{O}$ |
| Storage Temp.     | +20°C                                                           |

| Property              | Specification                                        |
|-----------------------|------------------------------------------------------|
| Physical Description  | White powder or crystalline powder                   |
| Purity                | ≥ 99.9% (Gd <sub>2</sub> O <sub>3</sub> /TREO basis) |
| Specification Version | - v1.0                                               |
| Date Created          | - 2023-03-24                                         |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
