

## Product Datasheet

### GA1580 - Furazolidone

Pictograms

#### Product Details

|                    |                                                 |
|--------------------|-------------------------------------------------|
| Product Name       | Furazolidone                                    |
| Glentham Code      | GA1580                                          |
| CAS Number         | 67-45-8                                         |
| EINECS             | 200-653-3                                       |
| MDL Number         | MFCDD00010550                                   |
| PubChem SID        | 310273982                                       |
| Related Categories | APIs, Antibiotics, Biochemicals, Antimicrobials |

#### Structure

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Molecular Weight  | : 225.16                                                      |
| Molecular Formula | : C <sub>8</sub> H <sub>7</sub> N <sub>3</sub> O <sub>5</sub> |

#### Glentham Product Specification

|                                |                             |
|--------------------------------|-----------------------------|
| Physical Description           | : Yellow crystalline powder |
| Identification                 | : According to BP           |
| pH (1% in water)               | : 4.5 - 7.0                 |
| Nitrofurfural Diacetate        | : According to BP           |
| Loss on Drying                 | : ≤ 0.5%                    |
| Sulphated Ash                  | : ≤ 0.1%                    |
| Assay                          | : ≥ 98.0% (dried basis)     |
| Pharmacopoeia Specification(s) | : BP                        |
| Version                        | : v1.0                      |

#### About Furazolidone

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                 |
|---------------------|-----------------|
| CLP Classification  | Repr. 2         |
| Signal Word         | Warning         |
| Hazard Codes        | H361            |
| Precautionary Codes | P281, P308+P313 |
