

Product Datasheet

GK4637 - Methyl

5-methylisoxazole-3-carboxylate

Product Details

Product Name	Methyl 5-methylisoxazole-3-carboxylate
Glenthams Code	GK4637
CAS Number	19788-35-3
EINECS	243-311-9
MDL Number	MFCD00015895
Bellstein Registry Number	115704
PubChem SID	310276871

Structure

Molecular Weight : 141.13
Molecular Formula : $C_6H_7NO_3$

Storage

Recommended storage temperature: +20°C.

Hazards and Transport

Not classified as hazardous under CLP.
Not classified as dangerous for transport.

Glenthams Product Specification

Physical Description : White to off-white solid
Assay : $\geq 97.0\%$
Version : v1.0

About Methyl

5-methylisoxazole-3-carboxylate

No further details on record.
