

## Product Specification

|                   |                                       |
|-------------------|---------------------------------------|
| Product Name      | Bis(trimethylsilyl)trifluoroacetamide |
| Glentham Code     | GK7139                                |
| CAS Number        | 25561-30-2                            |
| EINECS            | 247-103-9                             |
| MDL Number        | MFCD00008269                          |
| PubChem SID       | 310267948                             |
| Molecular Weight  | 257.40                                |
| Molecular Formula | $C_8H_{18}F_3NOSi_2$                  |
| Storage Temp.     | +20°C                                 |

| Property             | Specification                            |
|----------------------|------------------------------------------|
| Physical Description | Clear, colourless to light yellow liquid |
| Assay                | ≥ 99.0%                                  |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2020-01-28 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
