### GK8991 - Tetraethylammonium p-toluenesulfonate

Pictograms

#### Product Details

|                |                                          |
|----------------|------------------------------------------|
| Product Name   | Tetraethylammonium<br>p-toluenesulfonate |
| Glenthams Code | GK8991                                   |
| CAS Number     | 733-44-8                                 |
| EINECS         | 211-992-1                                |
| MDL Number     | MFCD00011831                             |
| PubChem SID    | 310280719                                |

#### Structure

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| Molecular Weight  | : 301.45                                            |
| Molecular Formula | : C <sub>15</sub> H <sub>27</sub> NO <sub>3</sub> S |

#### Glenthams Product Specification

|                      |                             |
|----------------------|-----------------------------|
| Physical Description | : White to off-white powder |
| Water                | : ≤ 0.2%                    |
| Assay                | : ≥ 98.0%                   |
| Version              | : v1.0                      |
