

## Product Specification

|                   |                         |
|-------------------|-------------------------|
| Product Name      | Hydroquinone, USP grade |
| Glentham Code     | GK9119                  |
| CAS Number        | 123-31-9                |
| EINECS            | 204-617-8               |
| MDL Number        | MFCD00002339            |
| Molecular Weight  | 110.11                  |
| Molecular Formula | $C_6H_6O_2$             |
| Storage Temp.     | +20°C                   |

| Property                       | Specification                                   |
|--------------------------------|-------------------------------------------------|
| Physical Description           | White to off-white crystalline powder or flakes |
| Identification                 | A, B, C according to USP                        |
| Melting Point                  | 172 - 174 °C                                    |
| Residue on Ignition            | ≤ 0.5%                                          |
| Water (KF)                     | ≤ 0.5%                                          |
| Assay                          | 99.0 - 100.5 % (anhydrous basis)                |
| Pharmacopoeia Specification(s) | USP                                             |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2018-03-12 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
