

## Product Datasheet

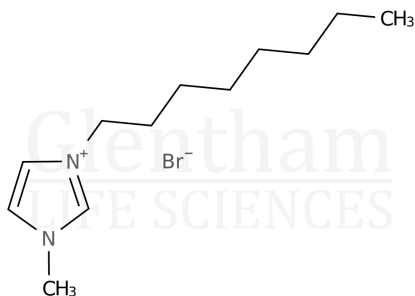

### GX5723 - 1-Methyl-3-n-octylimidazolium bromide

#### Product Details

|               |                                          |
|---------------|------------------------------------------|
| Product Name  | 1-Methyl-3-n-octylimidazolium<br>bromide |
| Glentham Code | GX5723                                   |
| CAS Number    | 61545-99-1                               |

#### Structure

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Molecular Weight  | : 275.23                                           |
| Molecular Formula | : C <sub>12</sub> H <sub>23</sub> BrN <sub>2</sub> |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                     |                          |
|---------------------|--------------------------|
| CLP Classification  | Skin Irr. 2, Eye Irr. 2A |
| Signal Word         | Warning                  |
| Hazard Codes        | H315, H319               |
| Precautionary Codes | P305+P351+P338, P261     |

Pictograms

#### Glentham Product Specification

|                      |                                 |
|----------------------|---------------------------------|
| Physical Description | : Clear, orange to brown liquid |
| Purity (HPLC)        | : ≥ 98.0%                       |
| Version              | : v1.0                          |

#### About 1-Methyl-3-n-octylimidazolium bromide
