

## Product Datasheet

### GX5728 - Tris(trimethylsilyl) phosphite

Pictograms

#### Product Details

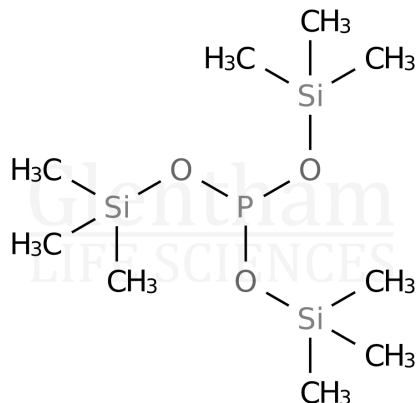

|               |                                |
|---------------|--------------------------------|
| Product Name  | Tris(trimethylsilyl) phosphite |
| Glentham Code | GX5728                         |
| CAS Number    | 1795-31-9                      |
| MDL Number    | MFCD00015588                   |

#### Glentham Product Specification

|                      |                            |
|----------------------|----------------------------|
| Physical Description | : Clear, colourless liquid |
| Purity (GC)          | : ≥ 90.0%                  |
| Version              | : v1.1                     |

#### Structure

|                   |                       |
|-------------------|-----------------------|
| Molecular Weight  | : 298.54              |
| Molecular Formula | : $C_9H_{27}O_3PSi_3$ |

#### About Tris(trimethylsilyl) phosphite

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                                            |                                 |
|--------------------------------------------|---------------------------------|
| Not classified as dangerous for transport. |                                 |
| CLP Classification                         | Skin Irr. 2, Eye Irr. 2A        |
| Signal Word                                | Warning                         |
| Hazard Codes                               | H315, H319                      |
| Precautionary Codes                        | P305+P351+P338, P280, P302+P352 |
