

## Product Specification

|                   |                                     |
|-------------------|-------------------------------------|
| Product Name      | Titanium Rod 3 mm diameter, 99.995% |
| Glentham Code     | GX8130                              |
| CAS Number        | 7440-32-6                           |
| Molecular Weight  | 47.87                               |
| Molecular Formula | Ti                                  |
| Storage Temp.     | +20°C                               |

| Property                    | Specification                       |
|-----------------------------|-------------------------------------|
| Physical Description        | Grey or silver coloured uniform rod |
| Purity (Trace Metals Basis) | ≥ 99.995%                           |
| Specification Version       | - v1.0                              |
| Date Created                | - 2022-07-04                        |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
