

Product Datasheet

GZ4512 - L-Glutamate Oxidase

Product Details

Product Name	L-Glutamate Oxidase
Glenthams Code	GZ4512
CAS Number	39346-34-4
Related Categories	Biochemicals, Enzymes

Structure

Molecular Weight :
Molecular Formula :

Storage

Recommended storage temperature: .

Hazards and Transport

Not classified as hazardous under CLP.
Not classified as dangerous for transport.

Glenthams Product Specification

Physical Description : Lyophilised powder
Enzymatic Activity : $\geq 5.0\text{U/mg}$
Version : v1.0

About L-Glutamate Oxidase

No further details on record.
