

## Certificate of Analysis

|                   |                                                                |
|-------------------|----------------------------------------------------------------|
| Product Name      | Oxyclozanide                                                   |
| Glentham Code     | GP3654                                                         |
| CAS Number        | 2277-92-1                                                      |
| PubChem SID       | 310278441                                                      |
| Batch Number      | 722AXA                                                         |
| Molecular Weight  | 401.46                                                         |
| Molecular Formula | C <sub>13</sub> H <sub>6</sub> Cl <sub>5</sub> NO <sub>3</sub> |
| Storage Temp.     |                                                                |

| Property                | Specification                                      | Batch 722AXA                |
|-------------------------|----------------------------------------------------|-----------------------------|
| Physical Description    | White, off-white, pale beige or pale yellow powder | Pale yellow powder          |
| Solubility (1% in DMSO) | Clear, colourless solution                         | Clear, pale yellow solution |
| Melting Point           | 207.0 - 212.0 °C                                   | 211.7 °C                    |
| Assay                   | ≥ 98.0%                                            | 99.75%                      |
| Specification Version   | v1.0                                               |                             |
| Manufacture Date        | 2020-05-14                                         |                             |
| Re-Test Date            | 2028-07-06                                         |                             |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
